TOP TIER TEAM

We have over a decade of experience working together.

Eurohabitat is a Miami-based boutique firm with a diverse portfolio of luxury residential projects.

We only work in residential projects and understand that your home is your nest, and requires constant management and attention to detail.

The process is as important as the end-product so we work with you every step of the way.

Eurohabitat is an owner-operated, family directed business. Our team of engineers, architects and designers has been working together for over 10 years.

10

**YEARS OF
EXCELLENCE**

OUR PROVEN PROCESS

Simple and yet effective, each project is completely planned out from start to end. The customer is involved in every stage.

DAY ONE

Here is where we figure out if we are the right fit for your project, set expectations and next steps.

BUDGET & PROJECT PLAN

We provide the customer with estimated costs, introduce the project leader and timeline.

BLUEPRING DEVELOPMENT

Our architects get to work, plans and renderings are presented, and once accepted plans are prepared to provide engineers and sub-contractors with detailed needs and wants. All permits are obtained here. We use REVIT for all our plan controls and renderings.

EXPERT REVIEW MATERIALS & FIXTURES

Engineers and sub-contractors review details and make adjustments. Materials are approved by Customer.

BUILD-OUT

This is where our expertise comes into play. Customer is involved along the way with scheduled reviews.

FINAL REVIEW

Customer reviews and approves work. Final inspection.
